"I have used this curriculum for many years, and I love it, because it continues to evolve. This company listens to its customer feedback, and updates its materials to meet the standards of every state. I never have to be concerned that my preschoolers will be bored or that I will have to supplement the material with 'fillers.' Call me 'spoiled', but I will finish my 24 year teaching career with the best on the market, FunShine Express!"

—Kaye W., GA

"I have been using FunShine Express for many years. I love how this curriculum is adaptable to the ages and skills of multi-aged children, as well as the flexibility and adjustments I can customize to my daycare. It is simple to prep each day and each month. A very quick, easy, and convenient product. Nothing beats this curriculum!"

-Stacy K., MN

"We introduced FunShine Online to our teachers and have had great success. The curriculum is strong, each domain is addressed and meets our state early learning standards. The lesson plans are user friendly, the teachers enjoy the fact that they can 'drag and drop' from the large array of activities. The assessments, newsletters, and printable extras have been a bonus to our program. Thank you FunShine Online!!"

-Debra W., AZ

Also Available

Christian Lesson Plans
