

May Bulletin Boards

Build a Print Rich Environment!

Ages 0-3

May Flowers

Cover the bulletin board with purple paper or fabric and add a light green border. Offer the children coffee filters to paint with watercolors. Let dry, and attach them to the bulletin board. Take pictures of flowers you find blooming or that you discover throughout the month. Print the pictures and glue them to the center of the painted coffee filters. Cut out light green letters to form the caption "May Flowers."

Ages 3-5

Flower Power!

Cover your bulletin board with light-colored paper and add a spring border, if desired. Offer each child a paper plate to paint in the color of their choice. Let dry. Provide a small paper circle to paint and glue to the plate as the center of the flower. Show children how they can create petals by cutting slits around the outer rim of the plate. Add the flowers to the board along with green paper stems and leaves. Add the title "Flower Power!"

Ages 3-5

Animals All Around Us

Cover your bulletin board with bright paper and add a decorative border, if desired. Add the title "Animals All Around Us." Provide magazines that contain pictures of animals, or print pictures of animals from the Internet. (You might ask families to supply pictures, as well.) Invite children to cut out the pictures and attach them to the board.
