• Flower Match-Up

Engage your child in a flower observation activity. Begin by searching for flower clip art from the Internet. Print a few pictures of flowers that you might find in your area. Then, walk through the neighborhood and invite your child to see if they can match the flower pictures with the real flowers they find.

• Pretend Animal Shelter

Set up a pretend animal shelter in your home with stuffed animals, pet toys, a water dish, and a toy doctor's kit. Visit with your child about pets in the family or neighborhood. How can families take care of pets when they get sick? Encourage your child to use the props and give the stuffed animals extra hugs to help them feel better quickly!

Songs

Flowers in the Field

Sung to “The Farmer in the Dell”

The flowers in the field,
The flowers in the field,
I can (skip), oh, I can (skip)
Through flowers in the field.

Paw Prints Everywhere

Sung to "Twinkle, Twinkle, Little Star"

Can you see the paw prints here?
Paw prints, paw prints everywhere.
They are leading through the woods,
To the lake and back again.
Paw prints, paw prints everywhere.
So many animals live near here.
