November Fireflies® Farm Race

# Resolving Conflict

## Say stop.

When someone is coming too close or doing something that may hurt you, say, "Please stop (name behavior)."

## Move away.

If someone is too close or is bothering you, move away from them and play somewhere else.

## Ask if you can help.

If someone is upset, ask if there is a way you can help. Watch facial expressions and body language to learn how they are feeling.

## Solve it together.

If a problem happens while you are playing, see if you can work together to solve it.

## Ask for help.

If a problem isn't solved by one of the strategies above, ask a grown-up to help you.
